(A)aspiring (B)rigid (C)vital (D)standard

二、綜合測驗 20%

第 16-35 題，每題一個空格，請依文意選出最適當的一個選項，請畫記在答案卡。各題答對者，得 1 分；答錯、未作答或畫記錯誤，該題以零分計算。

A polygraph machine, also known 16 a "lie detector," is a common part of criminal investigations. The instrument is used to measure how a person's body 17 questions. The theory underlying it is that lying is stressful, and 18 this stress can be measured and recorded on reply with responding to a polygraph machine. When a person takes a polygraph test, four to six wires, 19 sensors, are attached to different 4 parts of his body. The sensors pick up signals from the person's blood pressure, pulse, and perspiration. 20 the process of questioning, all the signals are recorded on a single strip of moving paper. Once the questions are finished, the examiner analyzes the results to determine if the person tested was being truthful.

16. (A)to (B)as (C)for (D)with
17. (A) review with (B)answer to (C)responding to (D)reacts to
18. (A)x (B)that (C)which (D)why
19. (A)called (B)calling (C)which calls (D)was call
20. (A)Though (B)By (C)Through (D)Throughout

Are forests always created by nature? A man from rural India proves that this is not necessarily true. Abdul Kareem, an airline ticketing agent, is passionate about the woods. 21 he never went to college, he can talk about plants and trees like an expert. Almost half a century ago, he bought a piece of rocky wasteland with the vision of growing trees on it. At first, people thought he was crazy. However, he simply 22 them and kept working on the soil and planting trees there. The land was so dry that it had to 23 several times a day. Kareem had to fetch the water from a source that was a kilometer away. In the first two years, none of the trees he planted 24. Nevertheless, in the third year, several young trees started growing. Greatly 25 by the result, Kareem planted more trees and his man-made forest began to take shape.

21. (A)Though (B)Through (C)Despite (D)In spite of
22. (A)separate (B)analyzed (C)tackled (D)ignored
23. (A)watered (B)be watered (C)watering (D)water
24. (A)surrounded (B)secured (C)survived (D)surviving
25. (A)encouraged (B)encouraging (C)discouraging (D)discouraged

In most cultures, the bluebird is considered a very lucky sign particularly when seen in the spring. Similarly, a woodpecker, when seen near the home 26 a good sign. In contrast, the peacock is not universally seen as lucky. For example, in India, the peacock is considered lucky because the great many "eyes" on its feathers 27 alert it to approaching evil. In addition, peacocks are highly valued in China and Japan, 28 they are kept as symbols by the ruling families to 29 their status and wealth. However, the peacock receives only scorn from the rest of the world. The feathers of peacocks are considered the most unlucky part of the bird because the eye-shaped markings on them 30 "evil eyes." To bring the eye into the home is thus believed to invite trouble and sorrow.

26. (A)is regarded as (B)is referring to (C)is thought as (D)is viewed with
27. (A)said by (B)which said (C)are said to (D)are saying to
28. (A)why (B)which (C)when (D)whwere
29. (A)balance (B)represent (C)uphold (D)tangle
30. (A)which involved (B)related to (C)are engaged in (D)are associated with

According to psychologists, kids have always loved building forts. By 31 pillows and cushions 31 the couch to build their own cozy little homes. It gives them a great sense of security. Moreover, it is a chance for them to demonstrate their creativity, leadership, and collaboration. Due to the 32 and uncertainty of the current COVID-19 era, this activity offers kids 33 from stress. It is an antidote to the feeling of a loss of control 34 a break from the boredom of lockdown.

Emily King, a child psychologist, indicates that building forts can help kids use their imagination. 35, it lets them feel a sense of control as they encounter scary new realities on their own terms. She also notes that children make sense of the world primarily through play.

31. (A)putting...away (B)pulling...from (C)pushing....into (D)lifting...up
 32. (A)mixture (B)generosity (C)necessity (D)disruption
 33. (A)upset (B)drowsy (C)relief (D)security
 34. (A)due to (B)by means of (C)depending on (D)as well as
 35. (A)Further (B)Therefore (C)Nevertheless (D)Addition

三、文意選填 20%

(第 36-55 題，每格一分，請依文意在文章後所提供的(A)-(BC)選項中，分別選出最適當者，並將答案畫記在答案卡中。

In the city of Midland, Michigan in the northern United States 36 the Charles W. Howard (CWH) Santa Claus School. This is not a school for children to learn grammar and fractions but one 37 adults travel to once a year. There, they learn how to 38 the role of Santa Claus.

For better or worse, Christmas is a profitable business in the modern world, particularly in the US. Therefore, during winter, thousands of people are hired by businesses to put on Santa's famous red cloak, red hat, and white beard. These Santas will appear at public spaces, 39 starry-eyed children sit on their knees and dreamily recite their lists of all the wonderful Christmas gifts they desire.

Given this demand, the CWH Santa Claus School is dedicated to 40 adults to be the best Santa Claus they can be. Started by Charles Howard himself in New York in 1937 the school has a mission to uphold the traditional image and preserve the history of Santa Claus. Meanwhile, it also teaches students how to 41 their personalities into the role. The school was 42 to a new place in Midland by its current manager. Tom Valent, in 1986. It now offers a three-day crash course every October for aspiring Santa Clauses to learn under the guidance of Valent and other instructors. The 43 includes such content as singing, toy production, and even reindeer care.

The CWH Santa School is also called the "Harvard of Santa schools." and there are good reasons why the school enjoys such a glowing 44. In addition to being a family-run 20 operation, it 45 Santa teachers around the world in order to share the knowledge about how to be the very best Santa Claus.

The question "To be or not to be" is one that is familiar to most English majors. It comes of course from Shakespeare's play *Hamlet*, the tragic story of a young Danish prince. The plots are as follows. Out of 46, Claudius murdered his brother—Hamlet's father, the king of Denmark—and married his brother's wife, Hamlet's mother. However, the spirit of the deceased kin 47 in front of Hamlet one night and told him that Claudius had 48 this terrible 49. The dead father's ghost wanted Claudius to be put on 50 and brought to 51. Hearing this, Hamlet was shocked and eager to get 52. In order to make sure his uncle was really 53, Hamlet devised a play. In it, actors performed the killing of a king in just the way of what his father's ghost had told him. Hamlet invited King Claudius and other members of the court to be the a 54. Since the plot exposed the whole conspiracy, Claudius became very nervous and dashed out of the theater, which 55 to Hamlet that he was indeed guilty. Now Hamlet was more than ever determined to avenge the death of his beloved father.

四、篇章結構 10% (每格 2 分)

Undoubtedly, *The King's Speech* was the biggest winner at the 83rd Academy Awards. 56 It won for Best Picture, Best Actor, Best Director, and Best Original Screenplay. The film is about King George VI, the father of Queen Elizabeth II, the current Queen of England. Just as the movie's title implies, the whole story is about a speech made by the king, or actually several speeches. 57 Unfortunately, he had to sometimes address the public as a duke and later as a king. 58 In order to help him regain his confidence, his wife, Elizabeth, tried various methods. 59 With Lionel's unorthodox method of speech therapy and the relationship of mutual trust that he established with King George, King George overcame his public speaking phobia and became a good speaker. 60

- (A) Eventually, they acquired the assistance of a speech therapist named Lionel Logue.
(B) It received 12 nominations and won four Oscars.
(C) They had no choice but to stop him from giving his speech.
(D) He made an inspiring radio speech to the people of England in the 1930s, just before the outbreak of World War II and Germany's attack on England.
(E) In fact, George VI dreaded speaking in public as a result of his stammer.
(F) For example, his speech at the closing ceremony of the Commonwealth exhibition in London in 1925 was a nightmare for him.

五、閱讀測驗 26%

61-64 為題組

Grace Wambui, a 14-year-old pupil in Nairobi, had never touched a tablet computer. But it took her only about one minute to work out how to use one when such devices arrived at Amaf School in Kawangware, a slum in the Kenyan capital. Teaching used to be conducted with a blackboard and a handful of tattered textbooks. Now children in groups of five take turns to swipe the touch screen of the devices, which are loaded with a multimedia version of Kenya's syllabus.

The tablets at Amaf School are part of a pilot project run by eLimu, a technology start-up. If it and other firms are right, tablets and other digital devices may soon be the rule in African schools. Many are betting on a boom in digital education in Kenya and elsewhere. Some executives even expect it to take off like M-Pesa, Kenya's hugely successful mobile-money service.

Such growth in digital education would be timely. The flood of new pupils has overwhelmed state schools, which were already understaffed, underfunded and poorly managed. The prospect of Africa's 300 million pupils learning digitally has caught the attention of global technology giants. Amazon has seen sales of its Kindle e-readers in Africa increase tenfold in the past year. Intel has been helping African governments buy entry-level computers. In Nigeria, Intel brought together a publisher and a telecom carrier to provide exam-preparation tools over mobile phones, a service that has become hugely popular.

A bigger question is whether digital tools actually improve education. Early results are encouraging. In Ghana, reading skills improved measurably among 350 children that had been given Kindle e-readers. In Ethiopia, in the absence of teachers, children figured out how to use tablets and learned the English ABCs. At Amaf School, average marks in science went from 58 to 73 in a single term.

61. Which of the following is the best title for this passage?
- (A) The Bestseller in Africa.
 - (B) Problems Plaguing Education in Africa.
 - (C) Schools in Africa Are Going Digital.
 - (D) Tablet Computers Are in Great Demand in Kenya
62. What is the author trying to convey in citing Grace Wambui's case?
- (A) Grace is a genius in computer skills.
 - (B) The tablet computer is very user-friendly.
 - (C) The delivery system in Kenya is very poor.
 - (D) Tablet computers are common in Kawangware.
63. According to the passage, what is eLimu?
- (A) A company. (B) A computer program. (C) An e-book. (D) An educational project.
64. According to the passage, which of the following is true about education in Africa?
- (A) The number of students keeps dropping in recent years.
 - (B) There are more than enough teachers for traditional classroom teaching.
 - (C) Students have received Kindle e-readers donated by Amazon to improve reading.
 - (D) Early results from use of digital tools in teaching are quite positive in some countries.

65-69 為題組

Why two persons fall in love and become inseparable is a mystery. People with very different personalities may love each other for their whole lives while very similar partners may fall out of love in a short time. Love defies all analysis. It is the very nature of love that makes it the subject of so much investigation and discussion.

When it comes to the nature of love, the importance of maturity cannot be over-emphasized. What is mature love, and what type of love is immature? This is a very interesting question for lovers to ponder. In the case of immature love, it is said that the person who falls in love has a low level of self-respect and self-esteem. An immature lover has little self-confidence and finds a partner to meet all the qualities that he or she misses and hence desires. On the other hand, maturity is the capacity to face unpleasantness, frustration, discomfort, and even defeat in one's love relationship without complaints. Signs of mature love include acceptance, emotional support, commitment, calmness, respect, caring, and consideration. Mature lovers know they can't have everything their own way. They are able to defer to circumstances, to other people—and to time when necessary. If a person has a very high level of self-respect and great self-confidence, he or she should be capable of having a mature love relationship. Have you ever heard the famous saying: "If you love somebody, just set him free?" If you are not mature enough and lack self-esteem, it will be very difficult for you to set your lover free.

65. According to the passage, love _____.
- (A) defies all analysis
 - (B) has always been an easy thing for human beings
 - (C) is not a mystery because of its prevailing nature
 - (D) hasn't been a subject of investigation and discussion
66. An immature lover _____.
- (A) has great self-confidence and a high level of self-esteem
 - (B) has the capacity to face unpleasantness, frustration, discomfort, and defeat
 - (C) seeks a partner who has all the qualities that he or she misses
 - (D) cannot emphasize the importance of maturity too much
67. Which of the following characteristics is not a sign of maturity?
- (A) ability to give emotional support (B) commitment
 - (C) tendency to complain (D) consideration

68. If you are capable of setting your lover free, _____.
 (A) you are out of your mind
 (B) you will fall out of love with your partner sooner or later
 (C) your lover will betray you and never come back
 (D) you are mature enough to have a real love relationship
69. Which of the following statements is true?
 (A) Why two persons fall in love and become inseparable can be scientifically explained.
 (B) A mature lover can defer to circumstances, and to other people when necessary.
 (C) The nature of love prevents love from being investigated and discussed.
 (D) If you truly love somebody, you will never give in to him or set him free.

70-73 為題組

we talk about e-book readers, Amazon Kindle, the pioneer in this area, often comes to mind. The Kindle enables readers to shop for, download, browse, and read e-books, newspapers, magazines, blogs, and other digital media.

The name Kindle came from branding consultant Michael Cronan and his partner Karin Hibma. The word “kindle” derives from Old Norse *kynda*, which means “to light a fire.” They felt this was a good word to symbolize the excitement of reading and intellectual fulfillment.

The first Kindle was introduced in 2007, and is now in its fourth generation, with a variety of models and different functions. To reduce the discomfort of looking at regular LCD screens, Kindle employs a special E-ink technology, which is an electronic paper display that has 16 shades of gray to imitate the color of traditional book-printing paper. The gray color has another advantage—it can minimize power consumption of the device.

Upon its initial launch, Kindle had more than 88,000 digital book titles available for download. This number increased to more than 275,000 by late 2008, and exceeded 500,000 in the spring of 2010. As of July 4, 2011, there were more than 765,000 books available for download. In late 2007, new releases and New York Times best sellers were being offered for approximately US\$11 each, with first chapters of many books offered as free samples. Many titles, including some classics, are offered free of charge or at a low price. Magazines, newspapers and blogs are also provided at a monthly subscription fee.

70. Which of the following is the best title for the article?
 (A) The Number of Books on Amazon.com. (B) Amazon: The World’s Biggest Bookstore.
 (C) The Evolution of E-readers. (D) Amazon Kindle: An E-reader.
71. Who is Michael Cronan?
 (A) An Amazon.com executive. (B) A branding consultant.
 (C) The inventor of Amazon Kindle. (D) A good friend of the boss of Amazon.com.
72. According to the article, what is the special technology used on the Kindle?
 (A) The latest book-printing technology. (B) The color LCD display technology.
 (C) The E-ink electronic paper display. (D) The latest Windows OS technology.
73. How many books were available for download as of June 1, 2009?
 (A) Between 88,000 and 275,000. (B) Between 275,000 and 500,000.
 (C) Between 500,000 and 765,000. (D) Over 765,000.
